Profile Summary

I am a third-year Diploma Computer Engineering student at Government Polytechnic Pune. I have worked on academic projects using Python, Flask, MySQL, HTML, CSS, JavaScript, and Firebase. I am looking for a Python or Web Development internship where I can improve my skills, learn new technologies, and gain practical experience by working on real projects.

Skills

Programming Languages : Python | C | C++ | Java
Web Development : HTML | CSS | JavaScript
Database : MySQL | Firebase Firestore
Cloud Tools : Firebase Hosting
Soft Skills : Problem Solving | Teamwork | Time Management | Quick Learning

Projects

TrustWatch - Internal Threat Detection & Prevention System
Python | Flask | MySQL | HTML | CSS | JavaScript

- Created a web application to monitor user activities and identify suspicious activities.
- Added activity logs and security alerts to keep track of user actions.

Secure Vault – Secure File Encryption and Decryption System
Python | Flask | MySQL | AES-256-GCM | SHA-256

- Created a web application to encrypt and decrypt files.
- Used AES-256-GCM for file encryption and SHA-256 to check file integrity.
- Added user login and security activity logs.

Cloud-Based Student Result Management System
HTML | CSS | JavaScript | Firebase

- Created a web application to manage student results online.
- Used Firebase Authentication for login and Firestore to store student data.
- Hosted the application using Firebase Hosting.

AgriMart - Farmer-to-Customer Marketplace
Android Studio | Java | Firebase

- Created an Android application to connect farmers with customers.
- Added login and product management features.
- Used Firebase Firestore to store product details.

Education

Diploma in Computer Engineering

Government Polytechnic, Pune

3rd Year | Expected Graduation : 2027
